

Roofrack

(Altos and Sopranos)

My car doesn't have a stereo system
My car doesn't have a cellular phone
My car's clock is stuck at 8:50
My car's parked in a tow-away zone

*But my car's got a nice roofrack
Bright and shiny and new
It really has a very nice roofrack
To carry my love to you*

My car doesn't like going 'round corners
My car doesn't like going uphill
My car's engine purrs like a llama
My car's fumes make the passengers ill

Chorus

My car doesn't have one straight panel
My car doesn't take available parts
My car's littered with parking tickets
My car's lucky if it even starts

Chorus

(Tenors)

My car ----- stereo system
My car ----- cellular phone
My car ----- stuck at 8:50
My car ----- tow-away zone

*But my car's got a nice roofrack
Bright and shiny and new
It really has a very nice roofrack
To carry my love to you*

My car ----- going 'round corners
My car ----- going uphill
My car ----- purrs like a llama
My car ----- passengers ill

Chorus

My car ----- one straight panel
My car ----- available parts
My car ----- parking tickets
My car ----- even starts

Chorus
